

PRAIRIE DESIGN AWARDS

Get ready! Submissions will be opening September 23, 2024 for the upcoming Prairie Design Awards. Entries due October 25, 2024. Submissions to be made through the website: prairiedesignawards.com

Every two years, the Alberta Association of Architects (AAA), Saskatchewan Association of Architects (SAA), and Manitoba Association of Architects (MAA) celebrate those setting new standards of creativity and skill in architecture, interior design, and landscape architecture with the Prairie Design Awards (PDA). Two types of awards may be granted for each submission category: the Award of Excellence and the Award of Merit.

Please note a new category – the Equity Award – to recognize those projects that create positive social change through high ideals and ethical standards, social inclusion, cultural responsiveness, and promotion of human health, well-being, and resiliency. Categories for Recent Work, Interior Design, Landscape Architecture, and Small Projects will also be included.

The awards will be presented at an in-person event that will be hosted by the SAA in Regina at the Mackenzie Art Gallery in early winter 2024 in conjunction with the exhibit *Spring on the Prairie: Kiyoshi Izumi and the Work of Izumi Arnott and Sugiyama*.

Projects must be located in Alberta, Saskatchewan, or Manitoba to be eligible. With the exception of the Student Work category, un-built work will NOT be adjudicated. Un-built work denotes work that is of a theoretical or conceptual nature that is not built, or work for a client that has not yet reached the final stages of construction.

Please visit the [Prairie Design Awards](http://prairiedesignawards.com) website for full submission criteria and instructions.

Submission Process

The AAA, SAA and MAA are pleased to provide a convenient online submission process for the Prairie Design Awards — no physical hardcopies/boards required. The complete entry process, including payment, will be conducted through the Prairie Design Awards website (prairiedesignawards.com).

Participants will need to have ALL information and required documentation readily available, at the time that the on-line entry form is initiated for each project.

For this reason, it is recommended that the on-line entry form (a copy of which is attached) be carefully reviewed, in advance, so that the full range of information concerning each project can be gathered and is readily available when the on-line entry is to be completed, including:

- All relevant firm and project information, including all credits, that will need to be entered into the on-line registration form;
- All [anonymous] files relative to the project (maximum 20), that will need to be uploaded at the same time; and
- The [anonymous] word document that includes description of the project and scope of work.

Payment will be required to complete each entry, but can be done either:

- Immediately following the submission of the on-line registration form; or
- Some other subsequent time, provided that payment of the invoice is completed before the final deadline for submissions.

Notes

- All submissions shall become the property of the associations.
- All images submitted will be used for the purpose of adjudication by the jury, as well as display on the PDA website and for distribution to appropriate design publications.
- All submissions will be screened to ensure they comply with submission requirements.
- The awards committee reserves the right to refrain from displaying work that does not meet display requirements or standards of quality required for public exhibition.
- The completed entry form and fee grants the AAA, SAA and MAA the right to display the work at any time and in any format. Credit for work will be provided when displayed or incorporated in association materials.

- The Jury in conjunction with the awards committee reserves the right to re-define the category for which a project is submitted, and/or combine categories of work where the volume of submissions warrants.
- The awards committee in conjunction with the AAA, SAA and MAA will not adjudicate work that does not comply with the Submission Requirements or Specifications. Submission fees for work that is found to be in contravention of the respective organization's rules, regulations or the provincial laws will not be refunded.
- Awards of Excellence and Awards of Merit will be given at the sole discretion of the Jury. Decisions formed by the Jury are final and may not be appealed. There is no limit to the number of awards that may be given. There is no guarantee that any award will be given.

Closing Date

Submissions and payment must be electronically submitted, no later than **12:00 Noon, CDT on Friday, October 25, 2024.**

All participants are encouraged to make their submissions a few days in advance of the final deadline, to ensure that the electronic upload and payment will be completed.
